Conteg presents the ultimate door-hinging solution. Hinges are mainly used to fix doors to frames and their openings. During the installation process, it is often necessary to dismantle doors, making this simple, fast and tool-less solution very handy. Conteg safety hinges feature security pins that can be removed easily, allowing doors to be securely mounted or dismantled.

MAIN FEATURES:

- Tool-less dismantling and mounting of the door
- Secure lift-off only when door open at 90°
- Security pin cannot be removed when the door is closed or if the door is not at a 90° angle
- Conteg design
- Door opening at 180° angle

Code	Description	Quantity
DP-PN-05	Safety Lift-Off Hinge for Premium series, screw bolt M5	1pc

For more information and conditions of use, please see price list or contact a sales representative in your region.
